

DEIS - University of Bologna, Italy {efarella, apieracci, dbrunelli, aacquaviva lbenini, bricco}@deis.unibo.it

## On-going work

- Advanced application on healthcare systems using both sensors and actuators
- Using WiMoCA for enabling full interaction
  with Immersive Virtual Environment

Research focus on:

- Power consumption
- Cross Layer Optimization
- Real-time performance

## THANK YOU!
